Dear Mr Freeman,

REF : PORTMOAK MOSS

Please find enclosed a copy of my notes of a further public meeting on the Moss. As you will note, we have decided on a multi-faceted strategy. Our aim is to minimise the cost of obtaining ownership or control of the woodland.

With regard to Option 3 (as detailed in my notes), we would request that the District Council apply for a Public Access Agreement in perpetuity.

It would be appreciated if you could advise us on the legal position with regard to this agreement;

- i.e. :
- what rights and/or duties do the public have ?
 - what legislation covers the 'agreement' ?
 - what is the process for seeking and obtaining the agreement ?
 - who is the agreement made with ?

Yours sincerely,

Bob Spilsted
Community Councillor
